

To whom it may concern,

We have been very pleased in the experience of building a home with Black and White Construction. From the very beginning we felt like we had a partner in the making of our home, not a "for hire" home building type relationship. Greg and his group of professionals were always there when we had questions or needed to make changes to our home. They were willing to do what it took to make us happy and they took pride and care in all their work.

We had looked at some of the big builder homes around our area, but were not very impressed. The home sites were littered with trash and the quality of materials used and workmanship were below our expectation. Now that we have built our home, we realized what a good choice we made by giving our business to Black and White Construction. The materials they used were of a much better quality, and as mentioned before, the quality of workmanship in our home is far superior to what we had seen with some of the big builders.

We have been so pleased with Black and White Construction that we have recommended them to friends and family. In fact, we believe that Black and White Construction is starting a project for one of our friends in the up coming months. I am sure that they will be as pleased with Greg and his team as we were.

Please feel free to contact us if you have any further questions. My number is 832-435-9767

Sincerely,
